**June 26, 2008**

Congratulations to the winners and to all who participated in our Car Show. While only a few cars were selected as “winners”, the show would not be successful without the other fine collector cars on the field. The Lakeshore Model A Ford Club offers a sincere thank you to every attendee.

There were 90 vehicles registered for the 2008 Show. An effort was made to photograph all for publication on our Web site. The weather cooperated by providing a sunny day and holding off a shower until the last minute.

Thanks for the many positive comments about our show and for the uniquely designed trophies awarded every year.

Hopefully, the show will continue and bring enjoyment for many years.
